

2020-21 ski season

Dear Media Partner,

Thank you very much for taking the time to learn about Diamond Peak Ski Resort during our 54th winter of operations. Opening Day is scheduled for Thursday, Dec. 10, 2020 this year. Given the ongoing COVID-19 pandemic, we expect things will be a little different this season, but we're very much looking forward to welcoming our snow-loving tribe back to the slopes, with new health and safety protocols in place throughout our operations.

If you have never experienced Diamond Peak, this press kit should be a good introduction; however, the best way to get acquainted with this unique resort is to come see it for yourself. If you ski or snowboard, we would be happy to give you a full tour of the mountain this winter. For those unable to join us on the slopes, we are happy to arrange Base Area tours upon request.

Diamond Peak is located above Incline Village, Nevada, on the north shore of Lake Tahoe – just up the hill from the Hyatt Regency Lake Tahoe Resort, renowned restaurants and brewpubs, and a huge range of outdoor activities. The Tahoe area offers the highest concentration of ski resorts in North America, from world-famous names to hidden gems like Diamond Peak – a community-owned resort known for having Tahoe's best view, Tahoe's best value, and a friendly atmosphere that skiers and riders looking to avoid the big corporate resorts love.

Back in 1966, while the community of Incline Village was still in its defining stages, Oklahoma native Art Wood envisioned a four-season resort community – a "Pebble Beach of the Sierra" – and hired Austrian ski consultant Luggi Foeger to design and build Ski Incline as one of the pillars of that vision. Ski Incline opened its lifts in November of 1966. In 1987, the resort developed the upper mountain with the addition of the Crystal Quad – doubling the resort's skiable acreage, adding more advanced terrain, and spurring the name change to Diamond Peak.

This season, Diamond Peak skiers and riders can take advantage of great deals like discounted multiday tickets and free lift tickets for kids 6 and under and those over 80 years old.

Should you require photos, you can access a great selection at this shared Google Drive folder: bit.ly/DiamondPeakPressPhotos (Please read the photo usage agreement found in that folder.)

You will see from our photo archive that Diamond Peak offers the most incredible views of Lake Tahoe. Views of the lake are best seen from Crystal Ridge and Snowflake Lodge, but guests can also enjoy lake views from the beginner slopes, Base Lodge deck and even the parking lot. Our HD webcams, mounted on the top of Crystal Ridge, at Snowflake Lodge and around the resort allow you to check conditions from the comfort of your screen.

If you have any further questions, need additional material, or would like to come tour the mountain on assignment, please do not hesitate to contact us. We look forward to working with you and connecting on social media.

Sincerely,

Paul Raymore

About Diamond Peak Ski Resort

Since 1966, Diamond Peak Ski Resort has been North Lake Tahoe's hidden gem. Located in Incline Village, Nevada, the affordable, family-friendly resort offers 655 acres and 1,840 vertical feet of skiing and snowboarding, with incredible views of Lake Tahoe, terrain for all levels, and some of the best tree skiing in the Tahoe Basin. For more information or to check the snow report, visit DiamondPeak.com or call (775) 832-1177. For COVID-19 rules and regulations during the 2020-21 ski season, visit DiamondPeak.com/plan/covid-faq.

What to expect at Diamond Peak Ski Resort for the 2020-21 season

COVID-19 rules and regulations, special events, contests and more

INCLINE VILLAGE, Nev. (Nov. 2020) – After a year filled with uncertainty and COVID-related restrictions, Diamond Peak Ski Resort is looking forward to welcoming skiers and snowboarders back to the wide open spaces the mountains provide. Diamond Peak’s projected Opening Day is Thursday, Dec. 10, 2020, and the resort plans to operate as close to normal as possible, with several new protocols and safety measures in place to ensure the health and safety of our guests and community.

Some of these new safety measures are detailed below, and a full list of the most updated rules and regulations can be found at www.diamondpeak.com/plan/covid-faq.

Enhanced safety protocols - Diamond Peak will follow all state and local health and safety regulations this winter and will implement the following protocols to ensure the safety of our guests:

- Face coverings are required for all staff and guests throughout our operations.
- Modified operations are in place to allow for physical distancing throughout the resort.
- Guests will be asked to stay home should they present any symptoms of COVID-19 or other illness.
- Diamond Peak is implementing cashless transactions throughout our resort operations including parking, ticketing and food & beverage outlets.
- Diamond Peak’s operational plan includes capping daily skier visits to ensure we are able to offer guests a safe and enjoyable experience on the mountains. We anticipate this limit will only come into effect on our busiest peak and weekend dates throughout the winter.

All products must be purchased online - Customers purchasing lift tickets, rental equipment, ski or snowboard lessons, and season passes will need to purchase these products through Diamond Peak’s online store. Advance purchase is highly recommended as we cannot guarantee day-of availability of lift tickets or other products.

- Pick up for lift tickets and other products ordered online will be at the Will Call windows located in the Plaza area. No walk-up ticket sales will be allowed.

Ski and snowboard lessons - Our professional ski and snowboard instructors are looking forward to welcoming everyone back to the slopes this winter.

- Face coverings will be required for the duration of all lessons.
- Small-group lessons in our Child Ski Center will be available for kids ages 4-6 who are skiing in our magic carpet learning area.
- Kids ages 4-6 who have progressed beyond our magic carpet learning area will need to be enrolled in a “Slide With Me” parent & child private lesson.
- Small-group lessons (maximum 5-to-1 student-to-instructor ratio) will be available in the Ski & Ride Center through our Sierra Scouts program (ages 7-12) and Adult Lesson program (ages 13+).
- Private lessons will also be available for ages 7+ with a maximum of 5 people of similar ability per lesson.

On-mountain dining and Base Lodge access - Diamond Peak will expand operations of food & beverage services to allow more outlets for our customers to get something to eat or drink this winter. We expect the dining options will be open with new restrictions in place including:

MEDIA CONTACTS:
Paul Raymore, Marketing Manager
(775) 832-1120, par@diamondpeak.com
Jaclyn Ream, Marketing Coordinator
(775) 832-1117 jmr@diamondpeak.com

- Reservations will be required for tables in the Base Lodge and Loft Bar from open to close, with a maximum group size of 6 guests (*subject to change per Washoe County restrictions*).
- Outdoor tables on the Base Lodge Sun Deck and Snowflake Lodge Sun Deck will be first-come first-serve, with a maximum group size of 6 guests.
- No indoor seating will be available at the mid-mountain Snowflake Lodge.
- Face coverings will be required except while eating and drinking.

Chairlift rules and regulations - There are new rules and procedures in place to ensure physical distancing in the lift lines and on chairlifts this season including:

- Face coverings are required while in lift lines, while loading, riding and unloading chairlifts.
- Lift lines shall be spaced out to allow for physical distancing.
- We will only seat guests from the same household or party on chairlifts together, or two singles on opposite sides of a four-person chairlift.
- Singles will ride solo on double chairlifts.
- Kids under 51" in height must ride all chairlifts with a parent or other member of their household who is over 51" tall.

All of these COVID-19 protocols are subject to change throughout the season as state and county regulations evolve. Please see at www.diamondpeak.com/plan/covid-faq for the most up-to-date list of what to expect at the resort this winter.

Why Diamond Peak is different: Community-owned, fiercely independent and community-driven – those are the key differentiating factors that make Diamond Peak distinct in the crowded Lake Tahoe ski resort scene. “Small but mighty” would be another apt description, because with 1,840 vertical feet of skiable terrain packed into 655 acres just a mile from Lake Tahoe, Diamond Peak offers the 4th most skiable vertical in the Tahoe Basin (according to the independent website mountainvertical.com). Add in panoramic Tahoe views from nearly every run on the mountain, incredible glades for tree skiing/riding, and Tahoe’s best-maintained and most progressive terrain park (The Village), and it’s no wonder locals know Diamond Peak to be Tahoe’s “hidden gem.”

As a community-owned ski resort, Diamond Peak stands out in the Tahoe Basin and greater U.S. ski industry as a beacon to skiers and riders looking for a friendly, non-corporate vibe. In addition, as the only Lake Tahoe resort to achieve [STOKE Certified status](#), it’s a great choice for skiers and riders concerned about supporting environmentally sustainable resorts.

Name the Glades contest: Diamond Peak’s gladed tree skiing zones are the place to be on storm days. This advanced terrain is a playground for experts filled with natural obstacles like pillows, rock drops and more. Diamond Peak offers 655 skiable acres, and almost 500 acres of that is gladed tree runs. Thanks to a partnership with the U.S. Forest Service, TRPA, local fire crews and our summer maintenance staff, we’ve cleared out many of the smaller trees and brush in these zones, making them healthier forests, less prone to wildfire, and as an added bonus, incredibly fun for skiers and riders. During the 2020-21 ski season, Diamond Peak will be asking for help in naming these fun zones via an online “Name the Glades” contest. Full details can be found on the resort’s website at www.diamondpeak.com/mountain/steeps-stashes.

Bonus lift tickets for season pass holders: Diamond Peak’s 2020-21 season pass holders will enjoy 59 complimentary lift tickets at 16 partner resorts across the country this winter – up to four days at each resort. Participating resorts include: Beaver Mountain (UT), Beech Mountain (NC), Bogus Basin (ID), Boreal (Donner Summit, CA), Brundage (ID),

Paul Raymore, Marketing Manager
(775) 832-1120, par@diamondpeak.com
Jaclyn Ream, Marketing Coordinator
(775) 832-1117 jmr@diamondpeak.com

Cherry Peak (UT), Cooper (CO), Lee Canyon (NV), Loup Loup Ski Bowl (WA), Moose Mountain (AK), Mt. Ashland (OR), Red River Ski Area (NM), Snow King (WY), Sunlight Mountain (CO), Tahoe Donner XC & Downhill (Truckee, CA), and Wachusett Mountain (MA).

Every Diamond Peak pass holder also receives four discounted Bring-A-Friend Tickets, which can be used to bring friends to Diamond Peak. Visit DiamondPeak.com for details, restrictions and the full list of perks.

Guided after-hours snowshoe hikes: Join guides from the Incline Village Parks & Recreation Department for Moonlight Snowshoe Hikes to Diamond Peak's Snowflake Lodge. The snowshoe hikes offer non-skiers the chance to enjoy the slopes of Diamond Peak in wintertime and encourage exercising in a social setting. The 1.5-mile (3 miles round trip) hikes includes guides, exclusive after-hours access to Diamond Peak and Snowflake Lodge, s'mores and hot cocoa. There will also be light fare available for purchase at Snowflake Lodge. See DiamondPeak.com/events for dates, reservations and more information.

Diamond Cut video competition: Diamond Peak's video edit contest is back for a third year of community-generated stoke. Last year's second annual video edit contest highlighted the incredible local talent we have right here at Diamond Peak with a virtual awards ceremony and screening of the top video submissions received throughout the season. For year three, we are looking to make the contest bigger and better in every way. So grab your GoPro or video camera, get your crew of friends together, and go film yourself having fun at Diamond Peak. You just might win some fabulous prizes. Find more information and submission guidelines online at DiamondPeak.com/events.

Specialty ski/snowboard clinics: Diamond Peak will offer a selection of specialty ski/snowboard clinics designed to foster a lifelong love of the sport and build community amongst participants. The Wednesday 55+ clinics, put on by the Incline Village Recreation Center Senior Programs team, return for another season; and this winter the resort is adding a Monday "Mom's" clinic and a Tuesday women's clinic to the programming calendar. Instruction is designed to help skiers improve, adjust, or modify techniques and encourage skills and habits that support lifelong skiing. See DiamondPeak.com/events for dates, reservations and more information.

Diamond Peak History & Sustainability

Diamond Peak Ski Resort began in 1966 as Ski Incline, the brainchild of Incline Village developers Art Wood and Harold Tiller. Wood had a master plan for a year-round, resort community at Lake Tahoe – Incline Village was to become the “Pebble Beach of the Sierra” – and in 1966, Wood and Tiller hired Austrian ski consultant Luggi Foeger to design and build Ski Incline.

Initially proposed on the slopes of Rose Knob Peak (the flat-topped peak to the north of Incline Village), Foeger recognized immediately that Rose Knob Peak would never work as a ski area due to its lack of beginner and intermediate level terrain and the south-facing orientation of the slopes (meaning it received too much sun during the winter for a dependable ski season). After exploring the peaks and ridges around Incline, Foeger chose the current location of the resort because it had an excellent variety of terrain, faces north-northwest, is easily accessed from the center of Incline, and offers beautiful views of Lake Tahoe.

The one drawback to the resort’s location – its relatively low elevation and proximity to the air-warming waters of Lake Tahoe – was addressed by installing the first snowmaking system in the western United States. And on November 19, 1966, after only four months of construction, Ski Incline opened its doors. That first season turned out to be a great one, with the resort operating for its longest season on record to date – 170 days from November 19, 1966 until May 7, 1967.

In 1987, Ski Resort Manager Jurgen Wetzstein led the development of the upper mountain and the addition of the mile-long Crystal Quad chairlift to reach the top of the peak. This expansion doubled the resort’s skiable acreage and added more advanced terrain. With the increased acreage, the resort extended the snowmaking system to cover the upper mountain along with adding more grooming equipment. Since most of the new trails were black diamonds, Ski Incline was re-named Diamond Peak. 1987 was also when the Child Ski Center was developed and the resort added a free shuttle service throughout the community.

With the turn of the century, Diamond Peak embarked on a two-part, \$8.5-million-dollar capital improvement project. In 2002, it again expanded and improved the snowmaking system to permit snowmaking capabilities on 75 percent of developed terrain. The mid-mountain Snowflake Lodge was also renovated and expanded with a new wrap-around deck featuring panoramic views of Lake Tahoe and the Sierra Nevada mountain range. In 2003, Diamond Peak replaced its old Crystal Quad with a new high-speed detachable Crystal Express quad to the top of the mountain.

In 2008, Diamond Peak spent \$4 million dollars renovating the base lodge which included an expanded rental shop, Loft Bar, and 300-square-foot outdoor patio, in addition to the existing wrap-around sun deck, a 300-square-foot meeting room, new restrooms, fixtures, siding and more. In the summer of 2009, Diamond Peak rebuilt its snowmaking system to allow for more efficient snow production. In 2010, Diamond Peak completed a large renovation project with a new Skier Services Building, featuring a plaza area, ticket windows, Child Ski Center, Ski Patrol, and offices. In 2013 the resort began the process of updating its Master Plan to revisit the potential for future development and introduce summer activities. In 2014, Diamond Peak added electric vehicle charging stations, two new snowcats, and upgraded its grooming fleet with SNOWsat grooming technology.

During the spring of 2018, Diamond Peak was recognized for its sustainability initiatives as the first ski resort in Lake Tahoe to become STOKE Certified. As one of the early adopters of the STOKE Snow certification program during the 2015/16 season, our community-owned ski resort has been diligently following our Roadmap Report to achieve best practices in snowmaking, interpretation, waste diversion, and community development. STOKE Certified — the Sustainable Tourism and Outdoors Kit for Evaluation — is the world’s first sustainability certification body with

MEDIA CONTACTS:

(775) 832-1117 jmr@diamondpeak.com

standards built specifically for surf and ski tourism operators. The mission of the organization is to assist resorts in developing systematic approaches to sustainability, environmental responsibility, customer loyalty and staff retention.

During the 2017/18 ski season, Diamond Peak was evaluated against the 110 criteria in the STAKE Snow standard by an independent evaluator. The ski area achieved an overall compliance score of 78% across all four categories of sustainability performance, making it the second STAKE Certified ski area worldwide, behind Oregon's Mt. Ashland Ski Area.

Diamond Peak continues to make improvements to snowmaking – including the purchase of four new TechnoAlpin high-efficiency TR8 snow guns during the 2019-20 ski season – and is continually assessing the system for upgrades to maximize snowmaking capacity and efficiency. Diamond Peak has also upgraded its grooming fleet with the addition of new PistenBully 400 ParkPro snowcats during both the 2017-18 and 2019-20 seasons.

Diamond Peak Ski Resort is one of many resorts that recognizes global warming and the effects that pollutants have on our environment. These are a few things that Diamond Peak has done and continues to do to join the cause in helping our winters stay cool:

- Installed two ChargePoint electric vehicle charging stations at Diamond Peak (upper lot) and two down the road at the Incline Championship Golf Course (955 Fairway Blvd).
- Installed automated thermostats in our facilities, thereby reducing our energy use by at least 20%.
- Continually upgrade our snowmaking system to use newer, more energy-efficient technology including advanced TechnoAlpin fan guns and low-energy HKD snow guns.
- Installed Evolution (EVO) boilers for more efficient heating in the Skier Services Building.
- Encourages carpooling by offering two shuttles that pick up in and around the Incline Village community.
- Installed dual-flush toilets, thermal windows, and new lighting to conserve water and energy.
- Installed hydration stations with sensors to encourage the use of reusable beverage containers, which are sold in the food court.
- Educate employees and the community through IVGID's WasteNot programs, orientation and signage in the Base Lodge.
- Encourage recycling by making recycling bins readily available.
- Participate in "Take Care Tahoe" regional sustainability campaigns.
- Control soil erosion through slope maintenance, BMPs, and water bars to help protect Lake Tahoe water clarity.
- Completed STAKE evaluation and received STAKE Certification in 2018.
- Use environmentally-safe, recyclable and biodegradable containers and utensils in food and beverage outlets.
- Print trail maps using mineral-based "stone paper" resulting in more durable/reusable product and no trees being harvested to produce paper.

Learning to ski or snowboard at Diamond Peak

Diamond Peak's professional instructors, low student-to-instructor ratio, dedicated children's learning area, gentle slopes, and a friendly environment provide an ideal place for first-time skiers and snowboarders and those looking to improve their skills and confidence.

Child Ski Center (Ages 3-6)

The Diamond Peak Child Ski Center provides a safe and fun learning environment for kids ages 3-6 with a separate learning area, dedicated surface lift, and maximum child-to-instructor ratio of 5:1. This winter, due to COVID-19 restrictions, Child Ski Center programs will look a little different.

Small-group lessons for kids ages 4-6 will still be available for children just learning to ski (first-time skiers and/or kids still skiing in the magic carpet learning area). One parent must remain present during the lesson in case their child needs a restroom break or simply a rest.

Children ages 4-6 who have progressed beyond our magic carpet learning area will need to be enrolled in the Child Ski Center's new "Slide With Me" parent & child private lessons. Instructors will teach while on the slopes, with the parent riding the chairlift with the child to ensure safety guidelines are met.

Child lift tickets and rental equipment are included with all lessons and children are fitted for their gear inside the Child Ski Center. Parent lift tickets and rental equipment (if needed) is not included in the "Slide With Me" lesson package and must be reserved separately when booking these lessons.

Ski & Snowboard School (Ages 7+)

The Diamond Peak Ski and Snowboard School offers group, private, and semi-private lessons for beginners to advanced skiers and snowboarders. Groups of 2-5 people of similar ability can take a Family and Friends semi-private lesson and learn or improve together. Snowboard lesson packages include Burton Learn to Ride boards that are specially designed for beginners with a forgiving flex pattern and features to make turning easier.

View lesson pricing and details at www.diamondpeak.com/lessons-rentals.

2020-21 Diamond Peak Events

Due to the ongoing COVID-19 pandemic, Diamond Peak has suspended many of our traditional events and parties this ski season. We will continue to monitor state and local regulations around large group gatherings to determine whether we might be able to add some of these events back to the calendar in the future.

Preseason

- 11/14: Job fair at Diamond Peak 9 – 11 a.m.

December

- 12/10: [Projected Opening Day](#)
- 12/24-25: [Santa & Penguin Pete Visit Diamond Peak](#)

January

- TBD: [Moonlight Snowshoe Hike](#) to Snowflake Lodge
- 1/8: [55+ Ski Clinics](#) begin (Wednesdays through closing day)

February

- Wednesdays: [55+ Ski Clinics](#) (no clinic Feb. 17)
- TBD: [Moonlight Snowshoe Hike](#) to Snowflake Lodge
- 2/1-7: [IVGID Community Appreciation Week](#)

March

- Wednesdays: [55+ Ski Clinics](#)
- TBD: [Moonlight Snowshoe Hike](#) to Snowflake Lodge
- TBD: [Retro Ski Day](#), Season Pass Holder Celebration
- 3/7: [Village Ski Loft Demo Day](#)
- 3/14: Pi Day
- 3/15: 2021-22 Early Bird Season Pass sale begins

April

Ski lodging near Diamond Peak

Local accommodations to fit any budget from private homes to the Hyatt Regency Lake Tahoe

Plan your ski trip to Diamond Peak with ease by making a reservation with one of our nearby lodging partners. Diamond Peak partners with over 30 lodging companies within 30 miles of the ski resort, our partners provide the best lodging and lift ticket ski & stay packages available at Lake Tahoe. There are lodging options of all levels to choose from in Incline Village, Crystal Bay, across North Lake Tahoe and the West Shore of Tahoe, Truckee, Reno, South Lake Tahoe, and Carson City.

The [Hyatt Regency Lake Tahoe Resort, Spa and Casino](#) is just minutes away and offers lift tickets, an in-house rental shop, complimentary shuttle service from the hotel, ski valet service, concierge, room service, and a great après ski atmosphere. The in-house Hyatt Sport Shop is fully stocked with winter essentials, equipment rentals, and Diamond Peak lesson packages so you can be ready for the slopes before you even leave the hotel. In addition, guests can enjoy access to the property's heated lagoon-style indoor/outdoor year-round pool and hot tubs, children's arcade, Grand Lodge Casino with a full array of table games or slot machines, Stillwater Spa, outdoor fire pits in every direction, fine dining at the Lone Eagle Grille, or casual dining at the Sierra Café, Cutthroat Saloon or Tahoe Provisions. Book at LakeTahoe.Hyatt.com.

Alternatively, consider staying with Club Tahoe, a family-friendly townhome community located in the heart of Incline Village. Club Tahoe's complimentary parking, heated year-round pool, and 3 season tennis courts are accompanied by the most charming clubhouse with billiards, games, fireplace, and meeting space. Diamond Peak's complimentary shuttle stops by daily. Book at ClubTahoe.com.

Incline Village's options also include The Parkside Inn, a delightful property 1 mile from the ski resort with mountain decor, an indoor pool and a Diamond Peak shuttle stop. Book at parksideinnatcline.com.

Completing the list of hotel-style accommodations is the [Tahoe Biltmore Lodge & Casino](#). This property offers vintage lodging and a 24-hour casino at an unbeatable price. Located 4 miles from Diamond Peak in Crystal Bay, NV featuring 113 rooms and suites, dining at Bilty's Brew & Q, or the Café Biltmore. Visit www.tahoebiltmore.com for reservation information.

Diamond Peak is proud to partner with [Sun Bear Vacation Rentals](#) of Incline Village to offer ski and stay packages featuring Diamond Peak lift tickets at discounted rates. Sun Bear offers a great selection of ski accommodations from lakeside to slopeside, with options that sleep up to 15 people together in one house.

There are also many other local vacation rental companies for those looking to rent a ski house, condo or cabin for the weekend or the entire season. [Vacation Station](#), [Club Tahoe](#) and [Incline Vacation Rentals](#) are a few that have offices in Incline Village and partner with Diamond Peak. Be sure to ask the front desk to purchase your lift tickets before you arrive.

Diamond Peak is a quick drive from South Lake Tahoe, Truckee, Reno, and Carson City and only a few hours from Sacramento or the Bay Area. Located 35 miles from the growing Reno-Tahoe International Airport, Diamond Peak is located on the north shore of Lake Tahoe near renowned restaurants, lodging, and the highest concentration of ski resorts this side of Italy.

Visit the "Plan a Visit" section on DiamondPeak.com for more information about our lodging partners, local area information, directions, and the Incline Village Ski Shuttle schedule.
